Can Adjustments Be Edited?

FAQs · https://atsfleetmanagement.com/docs/can-adjustments-be-edited/

Overview

Yes. Adjustments can generally be modified when additional information becomes available or errors are discovered.

Reasons for Editing

- Incorrect mileage entered
- Incorrect fuel quantity
- Wrong jurisdiction assignment
- Data entry mistakes

Best Practice

Maintain records explaining why changes were made and who made them.

Audit Considerations

A clear adjustment history helps demonstrate compliance during audits.
