# Company Profile

How-To Videos · https://atsfleetmanagement.com/docs/company-profile/

**Description:**

Learn how the Company Profile section in the Advanced IFTA Solution helps you manage and maintain your organization’s core information. This video walks through setting up and updating company details such as carrier information, jurisdiction settings, reporting preferences, and operational configurations. See how keeping your company profile accurate ensures proper IFTA calculations, consistent reporting, and smooth system performance across all users.
