Can Calculated Mileage Be Added Directly to Adjustments?

FAQs · https://atsfleetmanagement.com/docs/can-calculated-mileage-be-added-directly-to-adjustments/

Overview

Yes. One of the primary benefits of the Mileage Calculator is the ability to add calculated mileage directly into the Adjustments module.

Process

1. Calculate route mileage.
2. Review state allocations.
3. Select vehicle.
4. Select reporting period.
5. Create adjustment.

Benefits

This eliminates duplicate data entry and simplifies corrections.
