Can I Manually Correct ELD Mileage?

FAQs · https://atsfleetmanagement.com/docs/can-i-manually-correct-eld-mileage/

Overview

Yes. While ELD data serves as the primary source of mileage information, corrections may occasionally be necessary.

Common Reasons

- Missed trips
- GPS inaccuracies
- Equipment malfunctions
- Incorrect jurisdiction assignments

Best Practice

Maintain documentation supporting all manual adjustments.

Advanced IFTA Solution

Mileage corrections can be entered through the Adjustment module and reflected in reporting calculations.
