Can I Use Credit Card Statements as Proof of Purchase?

FAQs · https://atsfleetmanagement.com/docs/can-i-use-credit-card-statements-as-proof-of-purchase/

Overview

Credit card statements alone generally do not satisfy IFTA fuel documentation requirements.

Why Not?

Credit card statements typically show:

- Purchase amount
- Vendor name
- Transaction date

However, they usually do not show:

- Gallons purchased
- Fuel type
- Vehicle information

Recommended Documentation

Fuel receipts should always be retained even when fuel cards are used.
