Fuel Receipt Uploaded to Wrong Quarter

Troubleshooting · https://atsfleetmanagement.com/docs/fuel-receipt-uploaded-to-wrong-quarter/

Description

This issue occurs when a fuel receipt is associated with an incorrect reporting quarter, potentially affecting fuel tax calculations and audit records.

Possible Causes

- Incorrect receipt date
- OCR date recognition error
- Manual entry mistake
- Reporting period misunderstanding

Resolution

1. Review the fuel transaction date.
2. Verify the reporting quarter.
3. Correct the transaction assignment.
4. Save changes.
5. Regenerate reports.
