How Can I Reduce Audit Risk?

FAQs · https://atsfleetmanagement.com/docs/how-can-i-reduce-audit-risk/

Overview

While audits cannot always be avoided, carriers can reduce risk by maintaining accurate records and consistent reporting practices.

Recommended Practices

- Retain all fuel receipts
- Review exception reports regularly
- Verify ELD mileage
- Correct discrepancies promptly
- Maintain organized records
- File returns on time

Advanced IFTA Advantage

Exception Reports help identify issues before returns are submitted.
