Exception Reporting

How-To Videos · https://atsfleetmanagement.com/docs/exception-reporting/

Description:

Learn how the Exception Report in the Advanced IFTA Solution helps you quickly identify and resolve potential issues in your IFTA data. This video demonstrates how exceptions are flagged based on mileage, fuel entries, and jurisdiction mismatches, allowing you to correct problems before quarterly filing. See how the Exception Report improves accuracy, supports compliance, and reduces the risk of costly reporting errors or audit issues.
