How Are Adjustments Reflected in Reports?

FAQs · https://atsfleetmanagement.com/docs/how-are-adjustments-reflected-in-reports/

Overview

Once entered, adjustments become part of the reporting data used in mileage summaries, fuel reports, and tax calculations.

Reports Impacted

- State mileage reports
- Fuel purchase reports
- Quarterly IFTA reports
- Fleet MPG calculations
- Exception reports

Benefits

This ensures all corrected information is included before filing.

Advanced IFTA Advantage

Reports update automatically whenever adjustments are added or modified.
