State Tax Rate Appears Incorrect

Troubleshooting · https://atsfleetmanagement.com/docs/state-tax-rate-appears-incorrect/

Description

This issue occurs when tax rates used in IFTA calculations appear inconsistent with expected jurisdiction tax rates.

Possible Causes

- Outdated tax tables
- Incorrect jurisdiction assignment
- Reporting period mismatch
- Calculation misunderstanding

Resolution

1. Verify reporting quarter.
2. Review jurisdiction tax rates.
3. Confirm state assignments.
4. Recalculate tax reports.
5. Contact support if tax rates appear incorrect.
