How Are State Miles Allocated?

FAQs · https://atsfleetmanagement.com/docs/how-are-state-miles-allocated/

Overview

The Mileage Calculator automatically determines how many miles were traveled within each jurisdiction along the calculated route.

Allocation Process

The system:

- Identifies state boundaries
- Calculates miles traveled in each jurisdiction
- Produces state mileage summaries
- Generates audit-supporting records

Why Allocation Matters

State mileage allocation directly impacts fuel tax calculations.

Advanced IFTA Advantage

Automated state mileage calculations eliminate manual estimation errors.
