How Do I Correct Mileage Errors?

FAQs · https://atsfleetmanagement.com/docs/how-do-i-correct-mileage-errors/

Overview

Mileage errors should be corrected as soon as they are identified.

Common Errors

- Missing trips
- Incorrect state assignments
- Duplicate mileage
- Driver entry mistakes
- GPS inaccuracies

Correction Process

- Review supporting records
- Verify trip details
- Calculate accurate mileage
- Enter adjustments
- Maintain documentation

Advanced IFTA Solution

Mileage adjustments can be added directly within the system and are reflected in reporting calculations.
