What Are Non-Revenue Miles?

FAQs · https://atsfleetmanagement.com/docs/what-are-non-revenue-miles/

Overview

Non-revenue miles are miles traveled while the vehicle is not transporting freight or generating income.

Examples

- Returning from deliveries
- Traveling to maintenance facilities
- Vehicle repositioning
- Driver relocation

Reporting Requirements

Non-revenue miles are generally still reportable for IFTA purposes.

Importance

All qualified miles contribute to fleet MPG calculations and fuel tax reporting.
