Mileage Calculator Overview

How-To Videos · https://atsfleetmanagement.com/docs/mileage-calculator-overview/

Description:

Explore how the Mileage Calculator in the Advanced IFTA Solution simplifies the process of determining accurate jurisdictional mileage for IFTA reporting. This video shows how to input trip data, calculate miles traveled across state and provincial boundaries, and ensure precise mileage allocation for fuel tax compliance. Learn how the tool helps reduce manual entry errors and improves the accuracy of your quarterly IFTA filings.
