Personal Conveyance Mileage Missing

Troubleshooting · https://atsfleetmanagement.com/docs/personal-conveyance-mileage-missing/

Description

This issue occurs when mileage recorded as Personal Conveyance within the ELD is not appearing in mileage reports or compliance summaries.

Possible Causes

- ELD provider filtering
- Incorrect duty status coding
- Import configuration settings
- Missing trip records

Resolution

1. Review Personal Conveyance records within the ELD portal.
2. Verify import settings.
3. Confirm duty status classifications.
4. Review imported trip records.
5. Contact support if Personal Conveyance data is not importing properly.
