User Can’t Download Attached Documents

Troubleshooting · https://atsfleetmanagement.com/docs/user-cant-download-attached-documents/

Description

This issue occurs when users cannot access or download attached compliance documents, reports, or support files.

Possible Causes

- Permission restrictions
- Browser security settings
- File removed
- Network interruption

Resolution

1. Verify user permissions.
2. Try another browser.
3. Refresh the page.
4. Verify the file exists.
5. Contact support if the issue continues.
