Vehicle Appears on Exception Report Unexpectedly

Troubleshooting · https://atsfleetmanagement.com/docs/vehicle-appears-on-exception-report-unexpectedly/

Description

This issue occurs when a vehicle appears on an Exception Report despite no known reporting issues or compliance concerns.

Possible Causes

- Hidden reporting discrepancies
- Duplicate transactions
- Missing mileage
- Missing fuel purchases
- Vehicle assignment errors
- Historical reporting issues

Resolution

1. Review the exception details.
2. Verify all mileage records.
3. Verify fuel transactions.
4. Review adjustments.
5. Investigate duplicate entries.
6. Correct discrepancies and regenerate reports.
