What Documentation Supports Mileage Records?

FAQs · https://atsfleetmanagement.com/docs/what-documentation-supports-mileage-records/

Overview

Mileage documentation serves as proof supporting reported miles during audits and compliance reviews.

Recommended Records

ELD Records

- Driver logs
- GPS tracking
- Vehicle movement data

Supporting Documents

- Dispatch records
- Bills of lading
- Fuel receipts
- Toll records
- Maintenance records

Mileage Reports

- State mileage summaries
- Route calculations
- Trip reports

Audit Importance

Insufficient mileage documentation is one of the most common causes of audit assessments.

How Advanced IFTA Helps

Advanced IFTA centralizes ELD data, mileage reports, route calculations, and adjustments into a single audit-ready platform.
