What if a Driver Forgets to Log a Trip?

FAQs · https://atsfleetmanagement.com/docs/what-if-a-driver-forgets-to-log-a-trip/

Overview

Occasionally drivers may fail to properly record mileage or complete trip documentation.

Recovery Options

Carriers can reconstruct trips using:

- GPS records
- Dispatch information
- Fuel purchases
- Toll records
- ELD history

Best Practice

Correct missing records as soon as possible and maintain supporting documentation.

Advanced IFTA Solution

The Mileage Calculator can help recreate missing state mileage using route calculations.
