What If a Vehicle Changes ELD Providers?

FAQs · https://atsfleetmanagement.com/docs/what-if-a-vehicle-changes-eld-providers/

Overview

Vehicles occasionally move between ELD providers due to equipment upgrades, provider changes, or fleet acquisitions.

Important Considerations

Carriers should ensure:

- Historical data is retained
- Mileage continuity is preserved
- Reporting periods remain complete

Best Practice

Verify mileage totals before and after provider transitions.

Advanced IFTA Solution

Mileage records can be reviewed and adjusted to ensure reporting continuity.
