What Vehicles Qualify for IFTA?

FAQs · https://atsfleetmanagement.com/docs/what-vehicles-qualify-for-ifta/

Overview

Not every commercial vehicle requires IFTA reporting. Qualification depends primarily on weight and axle configuration.

Vehicles Typically Covered

A vehicle generally qualifies if it:

- Exceeds 26,000 pounds gross vehicle weight
- Has three or more axles regardless of weight
- Operates as a combination vehicle exceeding 26,000 pounds

Examples

- Tractor trailers
- Semi trucks
- Heavy straight trucks
- Certain commercial buses

Importance

Properly identifying qualified vehicles ensures accurate reporting and helps avoid compliance violations.
